<p>If you have trouble printing out this form, check your browser page margin settings. You probably have page margins set too large which is cutting off the page. Try this to correct the problem. Open Internet Explorer, on the top line menu go to: "File" then "Page Setup", Be sure that page margins are set as follows: "Top, Left, Right to 0.25", "Bottom to 0.75" These margin settings should work for most inkjet and laser printers.</p>
